## ANDAMOOKA SET TO BLOOM AFTER BIG MARCH RAINS

**Top End monsoons** have brought significant rains to Andamooka. Much as we love these greatly needed storm events that top our tanks and revive our thirsty gardens, we desert dwellers don't enjoy the dreaded humidity that it creates.

Never-the-less, we get out our tools, mend the toppled fences, fix the broken power-lines that threw us into darkness at the height of the storm, scrape mud off pathways, and relish the chance to enjoy a long cool shower again at the end of these hot steamy days.

Our kids can't miss the opportunity to play in the creeks and splash in mud-puddles. We all walk around with elevated mud

soles on our shoes leaving sticky trails on floors and pathways.

We drive around in mud spattered vehicles leaving muddy trails on the roads and sliding erratically along the dirt tracks cursing careless drivers that dig ruts in the wet mud that we try earnestly to flatten out again before they dry and harden.

However, we all know that before the month is done everything will dry out again and life will get back to normal, but, with the blessing of water that will keep us going till the next time.

Then there's the wildflowers that will soon burst into life in all colours of the rainbow

*.... and you ask us why we live here....*

**KEEPING UP WITH BUSINESS**

*Progressing the Town Development Plan*

**ALL STOPS ARE OUT TO GET WORK FINISHED ON THE 2015/16 DEVELOPMENT STAGE OF THE CARAVAN PARK AHEAD OF THE TOURIST SEASON.**

Over the next month work will continue on the new ablution block at the Andamooka Caravan Park in preparation for an anticipated increase in visitation during the forthcoming tourist season.

**A new tropical roof** will be constructed over the top of the ablution block creating shade and additional shelter for the facility as well as improving aesthetics.

The newly completed wheelchair ramp which will be protected under the new tropical roof to be built over the structure.

The new structure will complement the existing tropical roof over the BBQ area which was constructed ahead of the 2014-15 tourist season.

An additional 12 trees will be planted in the ablution block surrounds. If they grow as successfully as those planted over the past 5 years they will add to the overall beautification of the area.

The recreation facility which includes an under-cover playground, skate park, BBQ area with adjacent toilets, and a caravan pump-out station, has been developed over the past 3 years under the Andamooka Town Management Plan.

Funded by community contributions together with grant funding, much of the work has been undertaken by locals either as volunteers or under the RJC Program which has injected around \$16,000 into community development in this financial year.

**1800 333 000**

As we all know the Easter long weekend is quickly approaching and this is a great weekend to enjoy the company of our family and friends. Unfortunately every year at Easter there are a number of fatalities on our roads, many of these are on rural roads such as the ones in and around our town.

The sad thing is that the majority of these deaths are preventable by obeying the speed limits, wearing seatbelts, maintaining focus when driving and not being easily distracted and not driving whilst under the influence of drugs or alcohol.

By doing this it prevents the chance of someone being seriously or fatally injured in a vehicle accident. There will be numerous police out in force over the weekend conducting operations in relation to driving offences. Please slow down and think before getting behind the wheel of a vehicle, it could save a life.

Thank you
